- If you should have a conflict with a midterm exam date you MIGHT be able to take it early (SEE ME OR EMAIL ME IN ADVANCE), but you MAY NOT take it late. In the case of illness or other serious circumstances, please email me immediately. All students should plan to take the final exam during the exam period.
- Please note that the exam dates are tentative. I reserve the right to alter them if needed.
- You should plan on spending 2-3 hours working on this course outside of class for each hour of lecture. Note, at times it might be necessary to read the book for additional insight into how to solve the homework problems. Due to time constraints, not all of the material in the book will be covered in class. You are responsible for all the material listed in the schedule.
- There are 2 recitations per week (NO LAB). Homework is to be turned in to recitation each week that it is due, and late homework will NOT be accepted. A total of 2 homework assignments will be dropped for the final grade.
- **Math Assistance Center (MAC)** – Located on the third floor of Thackeray Hall in room 321. Walk-in service for help with undergraduate mathematics.
- The Americans with Disabilities Act requires that reasonable accommodations be provided for students with physical, cognitive, systemic learning and psychiatric disabilities. Please contact both your instructor and Disability Resources and Services (DRS), 216 William Pitt Union, (412) 648-7890/(412) 383-7355 (TTY), as early as possible in the term. DRS will verify your disability and determine reasonable accommodations for this course.
- **ACADEMIC INTEGRITY:** The University of Pittsburgh Academic Integrity Code is available at <http://www.as.pitt.edu/faculty/policy/integrity.html>. The code states that "A student has an obligation to exhibit honesty and to respect the ethical standards of the academy in carrying out his or her academic assignments." The website lists examples of actions that violate this code. Students are expected to adhere to the Academic Integrity Code, and violations of the code will be dealt with seriously.
- **INTEGRATION BEE contest** – see website for details – <http://www.math.pitt.edu/~rubin/bee.html>
